THOROUGH **SUSTAINABILITY**

We strive to operate with sustainability in mind at all times. The products we sell are manufactured in a responsible and ethical fashion and abide by national regulatory requirement norms in each of our markets. These very norms allow our production experts to identify any issues early on in the development phase that might not comply with the aforementioned norms and hinder our sustainable production methods.

Product compliancy is also monitored throughout the entire production life cycle. We work hard to meet our customers' high expectations and transparency requirements for the European markets. Up-to-date regulations are made readily available during the production life cycle ensuring products are compliant down to the very last detail. All products are subject to compliancy reviews prior to and after launch at both our own testing facilities and at third party testing labs.

Our solid quality-control methods ensure that the products you'll choose for your brand can be sold and used with confidence.

green concept

GOVERNANCE

Sustainability is an ethical imperative that we follow at all corporate levels. In partnership with our supply chain, we aim at continuous social, ecological and economic improvement in the sourcing of our products, the products themselves, our logistics chain, and our own production and branding facilities.

PRODUCTS

The way we assure product responsibility adds extra value to our promotional products. We are continuously improving our Product Portal, e.g. with information on compliance with European REACH and RoHS chemical requirements, as well as voluntary sustainability standards such as Oekotex certification.

CUSTOMER

For the customers of promotional goods, sustainable branding becomes increasingly important. Their credibility builds on transparency, reliable sourcing and sustainability of both the production process and the promotional product itself.

SOURCING

In partnerships for progress with our vendors and through engagement in multi-stakeholder initiatives, we aim to build ethical global supply chains. Through our factory audit program, we work towards enhanced social standards, improved working conditions for factory workers as well as environmental risk mitigation.

amfori BSCI
Trade with purpose

PRODUCTION

For our production facility and pan-European logistics center, environmental excellence is a win-win strategy. Its ISO 14001-certified environmental management aims at continuous improvement of environmental indicators. Long term investments are showing results, e.g. in the reduction of materials and energy consumption.

ISO 14001 ISO 9001

WHEN YOU ARE LOOKING FOR A PROMOTIONAL PRODUCT TO CARRY YOUR LOGO, YOU WANT IT TO BE COMPLIANT WITH EUROPEAN LAW AND IF POSSIBLE A MORE SUSTAINABLE OPTION THAN JUST A TRADITIONAL PLASTIC GIVE-AWAY.

But then the question arises, what is a more sustainable option? With thousands of promotional products available and a lot of discussions about what is sustainable and what is not, we have opted to look at our Green Concept from the Reduce-Reuse-Recycle perspective.

REDUCE: many promotional products are made of different types of plastics. By selecting products that have reduced plastic content, for instance because they are made of a mix of natural fibres and plastics, you are contributing to the reduction of the overall amount of plastic used.

REUSE: we believe this is one of the most important messages you can give with a promotional product. Reuse the items for a long time. More countries are banning single-use plastics like cups and cutlery. Reusable coffee mugs support this sustainable target and are a great canvas for your brand. The same applies to cotton or jute totes instead of plastic bags.

RECYCLE: we are actively developing products made of recycled material, like our Americano® coffee tumbler on the cover. This tumbler is made of the waste material of all Americano® tumblers that we produce, thus making our whole Americano production more sustainable! But you will also find recycled paper products, recycled glass, recycled PET umbrellas and bags, even pens made of recycled bottles. When looking at recycling, the possibility of recycling after use is also a factor that we look at.

So, are the Green Concept products in this catalogue 100% certified sustainable – no. Do they represent our suggestion for a more sustainable choice when you are looking for a promotional product – yes! We are constantly developing new products. For them to be compliant and sustainable is the first priority, but it is a process, it will go step by step. Our Green Concept will expand every year, continuously providing you with more choices for sustainable promotional products.

Enjoy!

YOUR FINISHING TOUCH

Custom decoration is a great way to reinforce your brand identity. Especially if, as shown throughout this catalogue, you apply it to multiple items. A wide choice of quality techniques, including the impressive new textile method HXD, means you can get both the look you want and the quality you need.

Whether you prefer cool and subtle, distinctively stylish or to boldly grab attention, you can rely on us for expert service. Feel free to ask us for advice and inspiration.

HXD

Unique decoration method • Add dimension to a logo • Perceived value of Embroidery combined with colour range and detail of True Edge Transfer • Durable • Available for a wide range of garments • Max print area: 100 x 75 mm

LASER ENGRAVING

Create a high-class impression • Unique tone on tone • Best on mid-range colours • Unlimited washability

PADPRINT

Great all round cost effective solution • Can be applied on virtually any shape • Suitable for any surface texture, including soft products like stress balls • Perfect for multi coloured logos • Fast and economical

DIGITAL PRINTING

Perfect for multi coloured logos • Create a unique effect with matt, gloss or embossed finishes • Strong resistance to fading or damage • Ideal for small quantities • Can only be applied to flat or slightly curved surfaces

DEBOSSING

Striking 3D appearance • Subtle tone on tone look • Great for real and imitation leather products • Ideal for waterproof fabrics • Unlimited washability

DOMING

Create a 3D effect • Strong resistance to fading or damage • Can only be applied to flat surfaces

EMBROIDERY

Classic decoration technique • Suitable for both flat and irregular surfaces • Tread colours to match any logo • Up to 12 colours per embroidery • Perfect for left/right chest and left/right bicep

INFUSION

Create an untouchable decoration with razor sharp detail • Offers a comfortable, breathable decoration • Offers unlimited colours for one set up

TRANSFER

Ideal for fabrics • Perfect for logos with many colours • Allows for extreme detail like small text • Economical solution for multi colour printing or smaller quantities • Maintains integrity of waterproof fabrics

SUBLIMATION

Premium full colour photorealistic prints • Suitable for polyester fabrics (minimum 60% polyester) and polymer coated products • Soft, flexible imprint that can even be applied over seams and zips • Decoration is resistant to fading and cracking • Only suitable for white products

SCREENROUND

Long lasting results • Apply sharp, high quality decoration on curved products • Economic choice for large quantities • Multi colour decoration available on a selection of pens • Ideal for text

HOTSTAMPING

Exceptional superior impression • Ideal for real and imitation leather product • Available in silver and gold finish

SCREENPRINT

Long lasting results • Good cost effective solution for larger quantities • Allows single and multi colour decorations • Great choice for a distressed look and feel • Can only be applied to flat surfaces

DIGITAL STICKER

Excellent print quality and details • Regularity of sticker shapes • 50cm2 max size • 4 days lead time from e-proof approval

THE EXTERIOR FABRIC OF ALL PARKLAND PRODUCTS IS MADE WITH 100% RECYCLED WATER BOTTLES

PEAK 120450

21.5" duffel bag Ⓜ 100% Recycled PET Plastic.
27 x 54,5 x 27 cm

In Spring 2018, Parkland committed to a new sustainable model using 100% recycled plastic water bottles to create the fabric for all products, with the goal of repurposing millions of recycled water bottles.

To date, 3.5 million plastic water bottles have been repurposed into Parkland bags and accessories.

DRINKWARE **INSULATION CHART**

Based on successful retail drinkware pieces, we have designed a better way to drink with style. Whether you prefer your beverage HOT or COLD.

Insulation refers to how the materials and construction prevent temperature change – basically, the ability of a piece to keep a beverage at its original temperature, whether it's hot coffee or ice water. Insulation is achieved through double-wall construction, which has two purposes – to eliminate condensation from cold beverages on the outer wall and maintain the temperature of the beverage within the inner wall.

There are several types of insulation, and we offer them all. It just depends on your budget and the type of performance you're looking for.

GOOD	BETTER	BEST	SUPERIOR	SUPERIOR
AIR INSULATION	**FOAM INSULATION**	**VACUUM INSULATION**	**COPPER VACUUM INSULATION**	**COPPER VACUUM INSULATION WITH CERAMIC LINING**
Air between inner and outer walls	Foam between inner and outer walls	No air between inner and outer walls	No air between inner and outer walls + copper plated inner wall	No air between inner and outer walls + copper plated inner wall. Includes ceramic lining.

Hours indicated may vary depending on item construction, material, ambient conditions, and use.

WHAT IS RFID?

Radio-Frequency Identification (RFID) is the use of radio waves to read and capture information stored on a tag attached to an object. The RFID tag provides a unique identifier for the object and like a bar code or magnetic strip, must be scanned to get the information.

WHAT IS RFID BLOCKING TECHNOLOGY?

RFID-blocking wallets and pockets are designed to help protect you from this new brand of electronic pickpocketing. These items are typically made from a material that interferes with radio waves, making a cards RFID chip difficult to read.

CERTIFICATES & REGULATIONS

To sustain the highest level of quality management and legal compliance for our safety and first aid products demands a strict self-monitoring security system. We are therefore also by nature obliged to stay alert with any changes in all required legislations worldwide and keep all our ISO and EC certifications as well as product registrations updated. We follow the PPE guidelines on application of Regulation (EU) 2016/425 of the European Parliament and of the Council for Personal Protective Equipment.

PPE stands for (Personal Protective Equipment). Equipment designed and manufactured to be worn or held by a person for protection against one or more risks to that person's health or safety.

New PPE Regulation (EU) 2016/425 in effect by April 21, 2019. As of April 23rd, we have all our standard reflective products and garments updated according to the new PPE regulation (EU) 2016/425. EC type examination certificates and approvals issued under Directive 89/686/EEC will remain valid for sales purposes until April 21, 2023, unless they become invalid before that date.

SO, WHAT IS NXT?

NXT NXT NXT NXT NXT NXT NXT NXT NXT NXT NXT NXT NXT NXT NXT NXT NXT NXT NXT

ELEVATE NXT

Elevate NXT is the next step in promotional apparel. With the garments of Elevate NXT we follow the supply chain to the source. Made of recycled polyester or organic cotton, our Jade t-shirt and Beryl polo are truly sustainable.

And of course, they have all the qualities you have come to expect from an Elevate garment. Designed for branding and super comfortable to wear. Available in 5 popular promotional colours and our special Elevate NXT blue, this really is the next step in promotional apparel.

HOW TO BRAND YOUR T-SHIRT?

Want a look as unique as your brand? With so many different ways to amplify your identity, we'll help you create a piece with retail-quality branding.

INFUSION™

Infuses your logo into the fabric creating an untouchable decoration with razor sharp detail.

- Razor sharp with higher resolution
- Offers a comfortable, breathable decoration
- Untouchable • Offers unlimited colours for one set up

SCREENPRINT

Time-tested decoration method that enables vibrant and durable graphics on virtually any material.

- Economic choice for large multi-coloured decoration
- Great choice for a distressed look and feel
- Ideal technique for T-shirts

SUPERHEROES! 2 DAY BRANDING

The branding techniques eligible for two-day branding (after E-proof approval) on the SUPERHEROES styles are Screenprint and/or Digital Transfer up to 250 pieces. For other techniques and higher quantities, standard production lead time applies.

TRUE EDGE™ TRANSFER

This cutting-edge heat-transfer process produces remarkable clarity and precision.

- Allows for extreme detail like small text
- Four-colour process or spot colour
- Perfect for logos with many colours
- Alternative to embroidery for thin garments
- Maintains integrity of waterproof fabrics

HOW TO BRAND YOUR POLO?

BUILT FOR BRANDING

Of course you want a polo that's stylish and comfy. But ours are also designed to offer unique locations for your logo.

EMBROIDERY

With thread colours to match any logo, embroidery is always a popular choice.

- Classic look
- Up to 12 colours per embroidery
- Perfect for left/right chest and left/right bicep

SCREENPRINT

Time-tested decoration method that enables vibrant and durable graphics on virtually any material.

- Economic choice for large multi-coloured decoration
- Great choice for a distressed look and feel
- Ideal technique for T-shirts

SUPERHEROES! 2 DAY BRANDING

The branding techniques eligible for two-day branding (after E-proof approval) on the SUPERHEROES styles are Screenprint and/or Digital Transfer up to 250 pieces. For other techniques and higher quantities, standard production lead time applies.

TRUE EDGE™ TRANSFER

This cutting-edge heat-transfer process produces remarkable clarity and precision.

- Allows for extreme detail like small text
- Four-colour process or spot colour
- Perfect for logos with many colours
- Alternative to embroidery for thin garments
- Maintains integrity of waterproof fabrics

SHIRTS

HOW TO BRAND YOUR SHIRT?

Take a great style and make it your own with one of our unique decoration methods. Whether you want to keep it simple or are looking for something bolder, we'll help you create the right look with a method and imprint location that work for your brand.

SCREENPRINT

Time-tested decoration method that enables vibrant and durable graphics on virtually any material.

- Economic choice for large multi-coloured decoration
- Great choice for a distressed look and feel
- Ideal technique for T-shirts

TRUE EDGE™ TRANSFER

This cutting-edge heat-transfer process produces remarkable clarity and precision.

- Allows for extreme detail like small text
- Four-colour process or spot colour
- Perfect for logos with many colours
- Alternative to embroidery for thin garments
- Maintains integrity of waterproof fabrics

EMBROIDERY

With thread colours to match any logo, embroidery is always a popular choice.

- Classic look
- Up to 12 colours per embroidery
- Perfect for left/right chest and left/right bicep

HOW TO BRAND YOUR JACKET?

STANDARD LOCATIONS IN PLACES YOU'D NEVER EXPECT

Nobody offers more standard imprint locations – front, back, hip, shoulders, sleeves and even inside. By mixing and matching, you can create and transform the garment into a truly unique piece that sets your brand apart

EMBROIDERY

With thread colours to match any logo, embroidery is always a popular choice.

- Classic look
- Up to 12 colours per embroidery
- Perfect for left/right chest and left/right bicep

TRUE EDGE™ TRANSFER

This cutting-edge heat-transfer process produces remarkable clarity and precision.

- Allows for extreme detail like small text
- Four-colour process or spot colour
- Perfect for logos with many colours
- Alternative to embroidery for thin garments
- Maintains integrity of waterproof fabrics

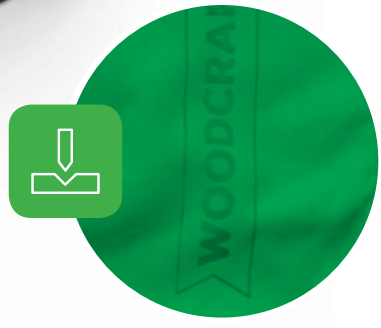
SUPERHEROES! 2 DAY BRANDING

The branding techniques eligible for two-day branding (after E-proof approval) on the SUPERHEROES styles are Screenprint and/or Digital Transfer up to 250 pieces. For other techniques and higher quantities, standard production lead time applies.

LASER ENGRAVING

Laser can be applied at virtually any location.

- Smooth, glossy finish
- Unlimited washability
- Best on mid-range colours



DEBOSS

Deboss creates a subtle tone-on-tone look with a dye that's heat-pressed into the material.

- Ideal for waterproof fabrics
- Striking 3D appearance
- Apply to almost any location
- Unlimited washability

HOW TO BRAND YOUR HEADWEAR?

We don't just put a lot of thought into how a garment looks. We also design it to give you plenty of options for branding, allowing you to create the perfect look.

EMBROIDERY

With thread colours to match any logo, embroidery is always a popular choice.

- Classic look
- Up to 12 colours per embroidery
- Perfect for left/right chest and left/right bicep

DEBOSS

Deboss creates a subtle tone-on-tone look with a dye that's heat-pressed into the material.

- Ideal for waterproof fabrics
- Striking 3D appearance
- Apply to almost any location
- Unlimited washability

TRUE EDGE™ TRANSFER

This cutting-edge heat-transfer process produces remarkable clarity and precision.

- Allows for extreme detail like small text
- Four-colour process or spot colour
- Perfect for logos with many colours
- Alternative to embroidery for thin garments
- Maintains integrity of waterproof fabrics

SUPERHEROES! 2 DAY BRANDING

The branding techniques eligible for two-day branding (after E-proof approval) on the SUPERHEROES styles are Screenprint and/or Digital Transfer up to 250 pieces. For other techniques and higher quantities, standard production lead time applies.

HXD

A unique decoration method that brings an added dimension to your logo, by creating a subtle pop from the apparel surface.

- Unique decoration method
- Add dimension to a logo
- Perceived value of Embroidery combined with colour range and detail of True Edge Transfer
- Durable
- Available for a wide range of garments
- Max print area: 100 x 75 mm

ICON INDEX

DETACHABLE HOOD

Hood that can be removed.

WEBTECH™

Moisture management is achieved at the Yarn stage, where the microfine yarns create s capillary action to channel sweat away.

WICKING

Unique yarns or fabric finishes that transport moisture to the outer surface.

FOLD AWAY HOOD

Integrated hood that can be folded and stowed away in the collar.

THERMALTECH

Stay warm and feel comfortable with a breathable insulated membrane, and resistance barrier to extreme elements.

SEAM SEALED

Seam sealed: Permanently covering the inner seams with waterproof tape for long lasting waterproof protection.

PRE-SHRUNK

Fabric or garment has been treated during manufacturing to minimize shrinkage during washing.

SNAG RESIST

Fabric is engineered to prevent snagging.

WATER REPELLENT

Fabric surface us treated to repel water.

EASY CARE

A special finish used on fabrics that resists a wrinkled appearance after washing many times.

BREATHABLE

Products allow moisture to escape from the body.

SHIELDTECH

Protect yourself from wind and rain. This technology offers complete comfort in a variety of conditions.

YKK ZIPPERS

YKK® zipper used in the garment. YKK® is the worlds leading zipper brand and represents high quality.

WATERPROOF

Products made of waterproof materials to keep moisture out.

STRETCH

Fabric content provides stretch allowing for a more comfortable fit.

REGULAR FIT

Not too loose. Classic cut that follows the shape of the body with ease of movement.

WINDPROOF

The product's ability to block cold air flow from permeating the fabric.

WATER RESISTANT

Fabric finishes are used to resist moisture penetration.

RELAXED FIT

Generous cut with added ease allowing for loose comfort.

UV PROTECT UPF 15-39

Product provides protection from UV rays. UPF value represents the fractional amount of sun's harmful UV rays that pass through a fabric.

WIND RESISTANT

Product helps prevent wind from penetrating.

TAILORED FIT

More fitted waistline and an overall tighter fit, which accentuates the body shape.

CARETECH

The skilful blending of natural and man-made yarns results in fabrics that have easy care properties.

DECORATION ACCESS

Inside opening for easy decoration access.

GLOBAL FIT

Slightly looser than the regular fit for added comfort.

ANTI-MICROBIAL

Unique finish that controls bacteria growth, prevents odours and maintains garment freshness.

ANTI-PILL

A treatment applied to fabric that resists the formation of little balls or pills on the surface of the fabric.

COMMERCIAL LAUNDRY

This product meets the standard of Industrial Laundry ISO 15797.

3 LAYER BONDED

3 Layer bonded: Three materials of differing characteristics, are joined together, creating a composite fabric with superior performance.

HOODED

Integrated hood.

INTERIOR CUSTOM BRANDING

Product engineered for custom interior branding.

SIZING CHART

REFLECTORS

Choose your item: slapwraps, hangers, stickers, safety vests, reflective accessories

Choose to print ON or UNDER

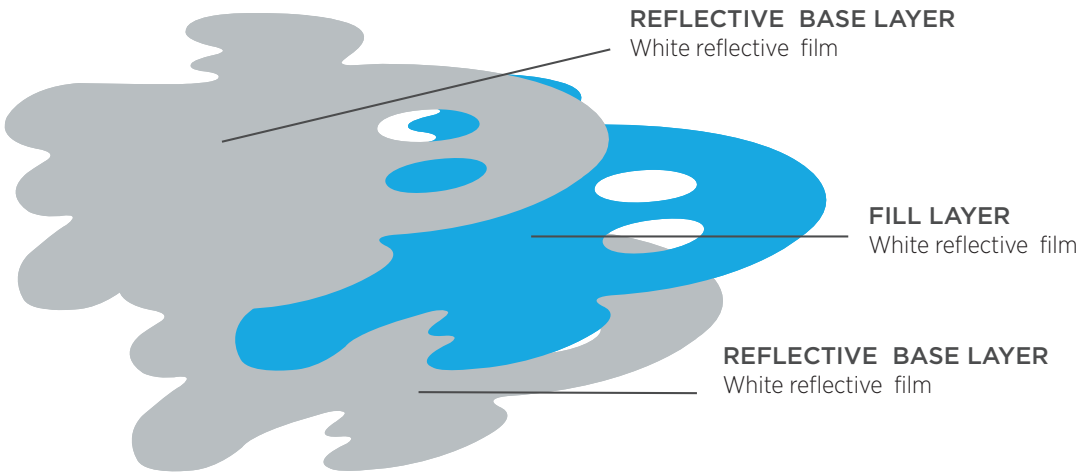
Choose from 2 reflective base colours

REFLECTIVE PRODUCTS
REFLECTORS

Important printing information

All our high gloss products can be printed ON (by screen-printing) or UNDER (by digital print) the reflective material, as well as on the back (by screen-printing). Printing UNDER the high gloss gives you the optimal reflective capacity required to meet the EN 13356: 2001 standard. Printing ON the reflective film can compromise the reflective efficiency. To meet the requirements of the standard there has to be at least 15cm2 free reflective area.

INSIDE THE REFLECTOR



PRINT ON FLOCK

One colour only

SLAP WRAP BACKSIDE

Flock (Velvet)
