Established 30 years ago, M&T Displays has been organized with the commitment to catch the unrivalled standards in products and service of Point of Sale and Display world. In total of 30,000 sq meter factory area, we present 21 different products groups, and over 6000 articles; all designed, moulded and manufactured in plant. From design to manufacturing, we continue to invest in new technologies while upgrading our carpabilities. Passing years has made no changes on our M&T values which are;

• Universal business ethics,
• Reliability,
• Innovation,
• Pursuit of excellence.
• Caring customer service for maximum satisfaction.

The success of our firm generates from well organized skilled professionals, investment in equipment and manpower, with a flexible production which fully carries out the needs of our dealers. Those combined with our principle act & respond on the same day, superlative quality and long years experience in providing effective solutions, bring up the desirable results for outdoor and indoor displays.

The relationship with our clients based on providing outstanding levels of service, communication and confidence, has created the M&T Displays' reputation which we are aware of its serious responsibility.

We again point out that Our displays systems offer you solutions today for your communication needs in future.

ISO 9001:2015 / ISO 27001 Certification

We gained the quality certificate, ISO 9001:2015, which is the best guarantee that our services meet the highest requirements.

Being first in our business does not come easily. It is earned by understanding our customers and by consistently providing the products and services that meet or exceed the expectations. As our business continues to evolve, we recognize that our customers' expectations of quality will only become higher.

At M&T, we are committed to meeting our customers expectations for the quality of the products and services that we provide. We personally affirm this commitment. However, this quality objective can be achieved only if everyone in our organization is involved. Therefore, a quality system has been established at M&T, which involves every employee.

In autumn 2008 TÜV Turkey certified M&T with ISO 9001:2008, which confirms that M&T's quality management system responsible for controlling the planning, implementation and maintenance of contact centers and software developments meets international requirements. The certificate will be supervised every year.

What the certificate means:

The process of gaining the ISO certificate involves satisfaction of very strict criteria and passing of complex exams. Certification focuses especially on the standards of provided services, internal processes, approach to customers, manipulation with goods and others.

This quality system gives our employees a systematic method for continuous improvement by establishing a reliable way to take actions toward improving products and services.

THE INTERNATIONAL REC STANDARD

TÜVRheinland CERTIFIED · TÜRKAK Kalite Yönetim Sistemi TS EN ISO/IEC 17021 AB-0011-YS · 2020 TÜRKİYE'NİN İLK 1000 İHRACATÇI FİRMASI TOP 1000 EXPORTERS OF TURKEY

Dispenser bottle has spring loaded locking system to prevent foreign access. It is easy to access for clearing or refiling the gel or liquid by the shop or maintenance staff. Lever stays open for easy access during change of bottle. Pump is placed into the nest under the lever to avoid pump moving around. Pump nuzzle faces 120° downwards allowing alcohol /gel into hand avoiding to spill over or wasting alcohol/gel. Drip tray included, inserts into the holder with a basic locking system to prevent loosing. Simple assembly required. Installation can be undertaken by any member of staff without specialist tools or know-how. Recommended for express courier shipping as single unit. Sanitizer gel or alcohol is not included.
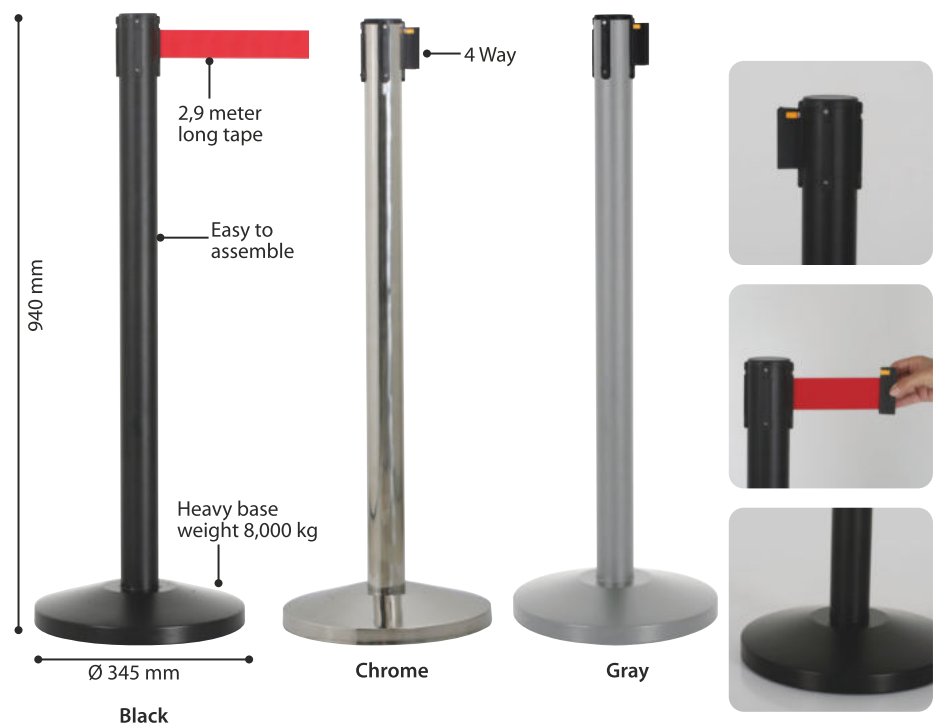

Q BELT

Watch video

Retractable crowd control system, Q Belts, is ready to use in place which offers a choice of post finishes combined with a selection of belt colours. It is suitable to be used wherever people come together such as airports, cinema halls, hotels, museums etc. 4 way pole provides the flexibility to create the optimum pedestrian flow. Q Belt and Q Belt Basic is offered to suit different budget request. Both are constructed from sturdy, durable Stainless Steel and features with rubberized and heavy base.

Choice of 3 Belt colours:

Fixing to the table

When clear or frosted acrylic panels or wood chalk boards required to divide or shield tables or counters, a clamp is needed to secure the panels on to it. Dividers are secured the to the edge of a table, cashier or work bench with a secure and elegant metal clamp. Being removable and having soft pads (EVA) clamps can be placed anywhere easily on the edge of the counter. Partitions can be easily removed and relocated. Clamp with a Clear Panel offers social distancing as effective sneeze guard to help protect people on either side of the screen from the transmission of airborne viruses and germs.
They are normally used in pairs.

18 DESKTOP DISPENSER VOL 2

Watch video

Silver anodised aluminium profile 51x25 mm

Elbow push lever

Good for approximately 1000 times use

Refillable dispenser

Spring loaded lock

Durable ABS

Heavy steel base is 150x200 mm

Mobile drip tray

Double sided tape use

Soft feet use (bumpon)

Desktop Dispenser is a good solution for countertop hand sanitising needs. It offers hand washing facilities around your business to help protect staff and customers from the spread of infection. It is supplied with a refillable 1l bottle and pump top mechanism to provide quick and easy access to disinfection.

Made of shutter-proof ABS, Dispenser is fixed on anodised aluminium (51x25 mm). The heavy steel base is 150x200 mm and provides stability to the stand. To avoid scratches on the counter, the steel base has soft feet. It is designed for use in counter standing form without the need for any permanent fixing.

Dispenser bottle has spring loaded locking system to prevent foreign access.

Lever stays open for easy access during change of bottle. Pump is placed into the nest under the lever to avoid pump moving around. Pump nuzzle faces 120° downwards allowing alcohol /gel into hand avoiding to spill over or wasting alcohol/gel.

Drip tray included with Desktop Dispenser, inserts into the holder with a basic locking system to prevent loosing.

The use of a Desktop Dispenser alcohol / gel holder means that there is no need for access to water or paper towels to maintain effective hand hygiene.

The foot-operated Touchless Dispenser Stand holds 1L refillable dispenser bottle and pump top mechanism to provide quick and easy
access to disinfection. No special refill cartridges needed. Paddle at top allows large range of motion for dispensing. The 70 mm wide foot pedal is made of
galvanized and powder-coated steel. It stays out at approx. 51 mm height. Dispenser bottle has spring loaded locking system to prevent foreign access. It is easy to
access for cleaning or refiling the gel or liquid by the shop or maintenance staff. Lever stays open for easy access during change of bottle. Pump is placed into the
nest under the lever to avoid pump moving around. Pump nuzzle faces 120° downwards allowing alcohol /gel into hand avoiding to spill over or wasting alcohol/
gel. Drip tray included with The Touchless Dispenser Stand, inserts into the holder with a basic locking system to prevent loosing. Magnetic surface is suitable for
magnetic posters as well as printing. Both direct printing and sticker can be appiled. Outdoor use. Flat Packed for economical shipping. 2 boxes.

Wood Podium is made of MDF. It is a
good lectern solution with 15 degrees
viewing angle for ergonomic posture.
It has an interior shelf for keeping
notes and presentation materials
organized. Poster clamp in front of
the stand allows you to present your
brand's logo for a professional fixture.
Can be used at business conferences,
universities, hotels, or even trade
shows. To ensure sustainability of the
quality, wood podium holders are
lacquered finished.

Clear Hygiene Barrier creates a physical barrier between customers and workers in the same environment such as POS checkouts, cash registers, tables or desks. It helps protecting against unwanted contamination from airborne viruses as well as bacteria and germs that can be caused by coughing or sneezing. It is good for takeout counters, pharmacies, grocery stores, offices and banks. Clear Hygiene Barriers can be placed next to other to create a clear wall. High stability and lightweight for convenient mobility. Simple to clean. Use a soft cloth and soapy water only. Do not use scouring compounds or chemical glass cleaners as they may harm surface.

Steel

Fixing to the table

Removable Multi-purpose Clamp Kit provides a fast and tool-free way of creating a barrier in the front or middle of a table, desk, counter or cashier. It can be used to divide the tables from the middle. It can also be used to create a shied/screen in front of a cashier. Manufactured by steel and plastic material. It can hold panels min. 2 mm and max. 8 mm. To avoid any damages to the desk, inside clamp is sported with black soft pads (EVA) where it touches to the table. Easily removed and relocated. With two Multi-purpose Clamps, clamp position on the table or on panel is adjustable.
It can be used to fix a range of rigid panels. Panel options: Clear or Frosted Acrylic and Wood. The panels can be moved easily and remounted.
No tools required to fix clamps and panels. 2 clamps are required to grip a panel. Packed in 2 pcs.

Telescoping Menuboard Double Sided is equipped with Slide in Frame which provides view from both sides. Its telescoping feature allows adjusting the height of advertisement. Slide-in Frame makes the change of poster easy. It is suitable for use in hotels, galleries, museums, restaurants, lobby, bars, etc. Simply slide out the old protection cover, and then place your double sided poster in between and slide in the frame. A heavy duty steel base stabilizes the height adjustable pole. It is available in the sizes A3 and A4 both in landscape & portrait positions in the same Product.

The Clear Hygienic Separator helps to protect you from unwanted contamination from airborne viruses as well as bacteria and germs that can be caused by coughing or sneezing. It helps you to keep your distance with customers or other workers and colleagues. Made of high-quality acrylic material which gives an extra transparency. Plexiglas acrylic plate is resistant to shatter. Speaker holes make the communication easier. Very easy to install, you can place these screens side by side to create a protective guard for desks in public use, receptions, pharmacies and spaces for workers. Suitable for indoor and outdoor use.

Sheet metal feet, 1,500 kg / each.

Black eva

Sleek and modern, desktop privacy panel provides a barrier while still allowing full view. It separates the work for eating area from others to shield against cough or sneeze. Table Barrier allows for personal space for each person protecting against any germs or viruses. Each panel acts as a moveable partition to provide separate space and block distractions. The panels can be moved easily and remounted.

Table barrier works well for cafes, restaurants, hotels as well as offices with defined modular space, seating area on the table can be easily adjusted. Feet or Clamp options are available for stability of the divider. Rubber pads on the clamp and feet protects the table and hold divider in place. Reverse clamp and support foot for installation on front or back of table surface. Clamp are resistant against food or fizzy drink spills. It is easy to clean even the feet and clamp grooves filled with any food or drink. Simply take of the feet or clamp and clean the grooves with a damp cloth.

Outdoor Sign as Hand Sanitizer Station offers a perfect hand hygiene option for schools, parks, playgrounds, outdoor festivals, job sites, and high traffic locations where water is not available.

It safeguards food for grocery stores, farmers markets and outdoor food vendors. It features a comprehensive, user-friendly cleaning process - Pull, Push, Wipe, Sanitize and trash for disposal - promoting good hygiene habits, a healthy environment and all around germ protection.

Outdoor suitable pre-coated and powder-coated pole to post additional dispensers, box holding brackets and trash bag holder. Weight of the pole, base and A3 frame is 12 kg in total.

Heavy and durable, roll on wheels base, raised from the floor with a hand pull hole on it. Weight of the base is 6 kg. Base is made of 4 mm steel in size of 40 x 45 cm. Base is heavy for stability and has 2 wheels for ease of mobility.

Durable, textured powder coating suitable for outdoor conditions, resistant to scratches.

Waterproof Snap Frame A3, elbow push dispenser, Wipes Dispenser or Paper Towel Dispenser, mask and glove box dispenser can be added on the pole in the required match, sold separately. Waterproof Snap Frame A3 can be posted on landscape or portrait positions. Hanging Trash bag holder (holder is 0,45 kg) can be added, sold separately.

Simply use any outdoor plastic trash bag around the steel holder and tie at the end of the pole. Easy to detach and dispose. Max trash weight to carry on the holder is 8 kg.

Timber Chalk Board is made of solid Fir wood. Slide in panels are galvanised steel sheets which ensures for outdoor use as heavy and rust-free. The erasable surface enables for erasing the messages and transmit them to your audience while keeping as updated easily. Slide in panels are double sided to make sure timely use of A Frame. So two different messages of advertisement can be stored on the panels. Chalk or chalkboard water-based pen can be used for black surfaces to display the messages. Suitable for outdoor places such as restaurants, cafes, bars, malls, offices and many more.

Sanitizing Dispenser , Box Dispenser, Pump Dispenser and Brochure Holder are ordered separately.

It is non-yellowing, lightweight and highly impact-resistant. For added durability, our translucent wall panels are fixed to the anodized extruded aluminum channels with a silicone wick. The transparent barrier allows communication to continue on either side of the partition as well. If there are multiple patients at reception, the Clear Dividers can act as a sneeze guard and also a form of crowd control between people. Since these dividers are freestanding and portable, they can easily be moved to different areas of the facility as needed. They are stackable, taking less space when not used. Rolls on leveling casters optional or can be fixed on ground by using the holes on the feet. Panel Material: Durable 1mm clear PET, fire rated B2 (DIN EN ISO 11925-2 & DIN EN 13823. Easy to clean. Clean with substances that contain alcohol. Simple assembly in few minutes by single person. Installation can be undertaken by any member of staff without specialist tools or know-how.
