MORE THAN GIFTS

The aim is to encourage your customers and colleagues to build a long-term, sustainable relationship with your brand and the products they receive from you. We hope to inspire you with this collection full of environmentally as well as budgetfriendly tips, hands-on ideas and new exciting products.

CONSCIOUS PROMOTIONS TO CONVEY YOUR MESSAGE

Outlining our commitments towards delivering quality products and services in a responsible and sustainable way, we strongly focus on the continuous introduction of green options of the essential must have items whilst reducing unnecessary stress on both people and the planet. We have dramatically increased the use of recycled and renewable materials to avoid unnecessary waste.

The pictures of the items reproduced in our catalogue are not contractual. We reserve the right to change without notice the product and packaging specifications or colours of any item mentioned in this catalogue.

be Conscious

while creating a greater exposure

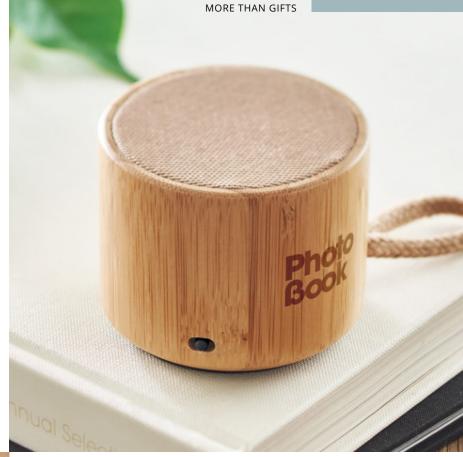

Happiness comes through connecting. A conscious choice for branded useful everyday items will create the most significant impact. Aligned with the growing need to support recycling and reutilization, we continuously re-examine the way we approach our product selection. Promotional products which are useful and desirable are reused and often retained for years. Your branding will remain fresh and relevant for your customers, with ongoing positive reminders to use your products or services again. RESPONSIBLE SOURCING AND PRODUCTION

All products are produced in a responsible way and comply with the requirements under European laws and regulations. Choosing more sustainable materials has been an essential factor during the development of this new collection.

SUSTAINABLE SOLUTIONS

By strongly reducing the use of virgin plastic and rethinking the most efficient way to pack the goods, both individually and for onward distribution shipment, we can reduce waste and influence our environmental footprint.

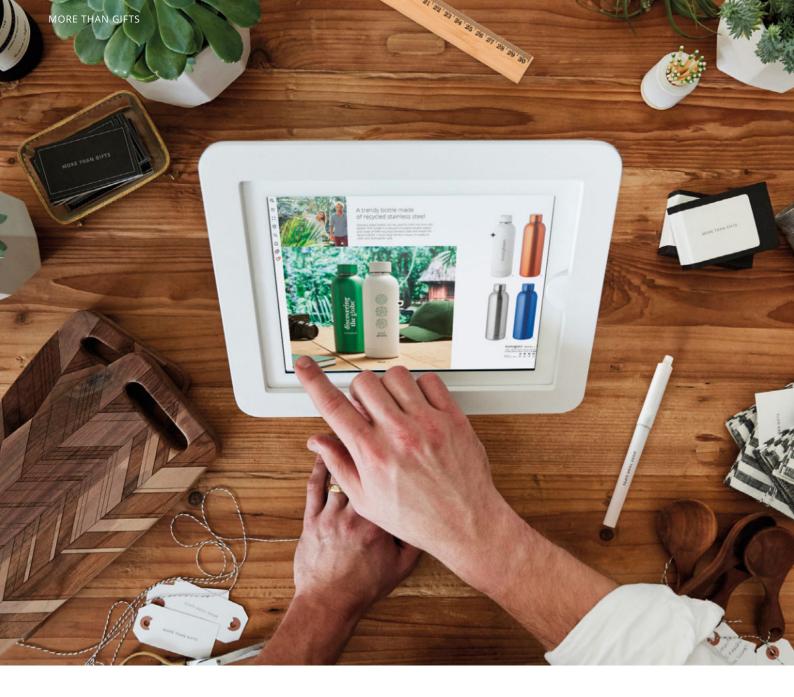

SOCIAL RESPONSIBILITY AND SUSTAINABLE PRINTING

During production and printing we focus on creating a safe and positive working environment. All items are well-constructed, tested and produced with compliant and safe materials. Our printing process requires the safe use of all production inputs, such as chemicals and the control of all production outputs and emissions.

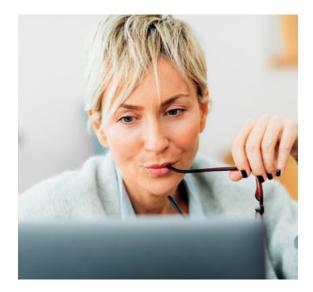

DIGITAL CATALOGUE

PROMOTIONAL MERCHANDISE IS THE PERFECT WAY TO CONVEY YOUR BRAND OR MESSAGE IN A LONG LASTING, MEMORABLE WAY. VIEW OUR COLLECTION FROM ANYWHERE AND FROM ANY DEVICE. THE EASY SEARCH OPTIONS AND DETAILED PRODUCT AND SERVICE INFORMATION WILL SPEED THE PRODUCT SELECTION PROCESS AND OFFER INSPIRATION AND IDEAS.

More than Gifts means that we not only offer you an innovative product portfolio and unique decoration service, but also consistently high service levels that can help you and your clients stand out.

Time counts! We take the ever increasing demand for the speed of delivery as seriously as we take the selection of a highly diverse product assortment. With unbeatable stock level availability, we commit to fulfil all orders as fast and securely as possible. Rest assured that for those spontaneous last minute campaigns or events, we can deliver a suitable personalised gift on time.

yourChoice

We take personalisation to the next level by creating unique products with our yourChoice made to order program. Complementing the large proposition available from our wide and varied stock collection we have countless options to manufacture items in any mix of colours, in own shape and with the most striking and stand out print options. Available in small quantities and in short lead times.

TEXTILE COLLECTION

Through the SOL'S brand we offer a comprehensive, balanced and varied range of the highest quality textiles from stock that will help convey and guarantee an effective and lasting marketing message. Within the multitude of styles and options available their is surely a perfect model to ideally suit your needs in terms of style, comfort and decoration requirement.

PRINTING SPECIALISTS

By continuously upgrading to the latest specific printing techniques and processes we offer the widest range of decoration options to ideally match the selected materials and products. Allowing us to achieve and match the design you are looking to recreate! Check out our extensive decoration service and receive the perfect personalised product that will bring you instant brand recognition.

TECHNOLOGY & ACCESSORIES

SOLAR ENERGY

w

and an and a state of the state

A CONSCIOUS FUTURE

The sun as an additional power source

This speaker can be fully charged in approximately 2.5 hours using the micro-USB cable provided. In conjunction it has a solar panel that can deliver extra energy to charge the rechargeable battery that powers the device. The additional power provided depends on the strength of the sun's rays.

5.0 wireless 3W solar powered speaker with bamboo casing. 1 Rechargeable Li-Ion 500 mAh battery. Playing time approx. 4h. Size 93x62x23 cm **Print technique** Pad printing,L

Portable wireless speakers

Wireless portable speakers are popular due to their compact design and optimum sound quality. You will find plenty of options available in various styles, materials, wattage output or with useful additional functionalities. A 3W speaker can produce sufficient sound for an average sized room. Need more volume? Then select the 5W or higher options. MO6813 > 13

 $\langle \rangle$

5.0 wireless speaker with bamboo casing with LED light indication. 1 Rechargeable Li-Pol 300 mAh battery included. Output data: 3W, 3 0hm and 5V. Playing time approx. 4h (70% volume). Type C. **Size** 77x42x88 cm **Print technique** Pad printing,L

5.3 wireless speaker in ABS with bamboo casing and LED light indication. 1 Rechargeable Lithium 300 mAh battery included. Output data: 3W, 4 0hm and 5V. Playing time approx.. 4h. **Size** Ø6,2x5 cm **Print technique** Pad printing,RLL

5.3 wireless speaker in ABS with cork casing with bamboo on top and LED light indication. 1 Rechargeable Lithium 300 mAh battery included. Output data: 3W, 4 0hm and 5V. Playing time approx.. 4h. **Size** Ø6,2x5 cm **Print technique** Pad printing.RL,L

5.0 wireless speaker in ABS case and bamboo on top. It also has a built-in 10W wireless charger to charge your smartphone and 4000 mAh power bank. Output DC 9V/1.1A. **Size** Ø11,4x4,2 cm **Print technique** Pad printing,L

Ramas MO6642

5.0 wireless speaker in ABS with 30% hemp and 70% polyester fabric finish, IPX7 splash proof with handle. 1 Rechargeable Li-Ion 1800 mAh battery. Output data: 5W, 4 Ohm. Playing time approx. 8h. **Size** 9,6x4x12 cm **Print technique** Pad printing,D01,DL

Round Bass MO8726

4.2 wireless speaker in ABS with rubber finish and LED light indication. 1 Rechargeable Lithium 450 mAh battery included. Includes an SD card port and an AUX / USB cable. Hands free call function. Output data: 3W, 3 0hm and 5V. Playing time approx. 3h. **Size** Ø6x4,9 cm **Print technique** Round screen printing ,L,P,D01

Stone paper sheets

Stone paper is a tree-free paper made of the natural occurring resource limestone and with HDPE as binder. Due to the composition, this paper is washable, smoother and brighter than conventional paper.

Printing Techniques

Having your logo printed with the widest range of printing techniques has never been so easy. These are the main techniques used to print your logo.

Digital printing 360

Compared to round screen, it is possible to print full colour, vivid images. UV ink technology does not emit volatile organic compounds (VOC) to the atmosphere. When combined with white underprint - possibilities are limitless on transparent objects.

Sublimation

Printed with special inks on transfer paper, transferred to material using high temperatures. Known for photographic quality of printed images, as well as vivid colours and accuracy of small details. Requires white background for best results and polyester material or polyester coating.

Doming

Digitally printed full colour label on self-adhesive polymer foil, covered by a thick layer of transparent epoxy resin, which both protects the image, as well as giving a premium, glossy look and finish.

Laser engraving 360

Next level for inkless decoration, now possible on cylindrical products. Compared to conventional engraving, engraving area is limited by circumference of cylindrical object. Can be used on mugs with handles. Best results on natural materials (metals, wood, bamboo, etc.).

Digital Label

A flexible way to brand various products in almost any shape, self-adhesive polymer foil will fit in positions not accessible by other print techniques.

Digital Printing

UV (VOC free) flat bed inkjet technology allows you to print vivid full colour images on various materials – artificial and natural. Compared to Digital printing 360 – this technique requires flat, rigid products. White underprint extends possibilities on transparent materials.

Digital inlay

Xerographic full colour print on paper is a perfect way to convey message to Your customer. This technique is best for text and images, can be used for example: as a manual or "Thank You" notes or items where this is the only option available.

Button printing Best way to stand out from the crowd with this full colour button. Printed using xerographic technology on paper, assembled with glossy finish to give premium look.

Digital Transfer

Technique of digitally printed image on carrier foil with heat activated glue, applied with high temperature and pressure. Advantage of this technique is full colour photographic quality of image and sharp details. Gives a premium look and feel, especially on textile materials.

Screen transfer

Conventional way of indirect printing using screen print. Can be applied on materials and places, where direct screen printing is not possible, in addition up to 8 different colours can be used on one image. Special colours available.

Screen printing

Image exposed on to a screen mesh, through which ink is squeezed on to the marked surface. Main advantage of this technique is its large printing area on flat surfaces, on almost any material, along with possibility to use special colours. First choice for textiles. Maximum of 4 colours in one image. Special colours available.

Pad printing

Image transferred to products surface from engraved cliché by silicone tampon. Most versatile indirect marking technique on almost any rigid shape and material. Maximum of 4 colours in one image. Special colours available. Cost efficient technique on small items.

Ceramic transfer

Technique of printing image using special inks on paper, transferred to the item using water film and heated in extreme temperatures to assure durability. Special colours available. Recommended for ceramic materials.

Round screen printing

Evolution of screen printing which allows this print method on to cylindrical and conical products. Compared to pad printing, this technique allows for a much bigger printing area. Can be used on mugs with handles. Maximum of 1 colour. Special colours available.

Debossing

The engraved metal stamp is heated and is pressed against the material creating a permanent depression in the shape of the customer's artwork. Best results can be achieved on leather, PU, cardboard materials, like notebooks, organizers.

Embroidery

Computerized stitching allows complex artworks being sewn in the material, creating premium and permanent marking. Glossy effect. Maximum of 8 colours in one image. Possible on textile materials like bags, t-shirts, jackets, etc, as well as caps.

Laser engraving Marking is permanent, by selectively removing microscopic layers of material, thus creating visible marks on the surface. Colour varies depending on processed material. Best results on natural materials (metals, wood, bamboo, etc.).
