New realities demand courage and determination. We move forward together in this adaptation, with the confidence and energy that unite and distinguish us.

OUR COMMITMENT IS WITH YOU!

SUSTAINABILITY

Management System ISO 9001:2015

www.tuv.com ID 9108653942 Our activity is developed in line with a cohesive and appropriate strategy for a more sustainable future that is based on the 4 basic pillars: Health and Safety, Labour and Human Rights, Environment and Ethics.

We act in compliance with European laws and rules, in respect of human and worker rights, social and environmental responsibility.

It is a logic of changing attitudes towards a more sustainable life. At its base there are **3 fundamentals** to consider in any choice:

- **▽ Reuse**, to which we can contribute by avoiding the purchase of single-use products.
- ✓ Recycling, where the principle is that the end of one product is the beginning of another and that each one of us can start this cycle.
- ☑ Responsible consumption, which we can practice by avoiding the purchase of products made of harmful materials, of doubtful origin or in excessive quantities.

Together we can make a difference and the time is now.
